

We recently completed a full internal renovation of a premium apartment in Darlinghurst. Set in one of Sydney's most dynamic inner-city neighbourhoods, the project focused on delivering a sleek, modern aesthetic with high-end finishes throughout.

From the initial planning stages, we worked closely with the client to reimagine the space—enhancing flow, functionality, and overall aesthetic appeal. The renovation centred around the kitchen, bathrooms, living areas, and flooring, with each element carefully designed to reflect a sense of luxury and sophistication.

The kitchen was completely overhauled, featuring sleek joinery, high-end appliances, and contemporary finishes that elevate both style and usability. Integrated storage, clean lines, and premium materials gave the space a polished, gallery-like feel while remaining practical for everyday living.

The bathrooms were reimagined with refined details and premium fixtures—offering a spa-like experience in the comfort of home. Each space was finished with elegant tiling, brushed fittings, and soft lighting, creating a cohesive and calming design language across the apartment

2025 PROJECT, FORBES ST. DARLINGHURST

We also reconfigured the living areas to open up the floor plan, enhancing natural light and improving the overall sense of space. High-quality timber flooring was installed throughout, adding warmth and balance to the otherwise sleek, minimal palette.

2025 PROJECT, FORBES ST. DARLINGHURST

The result is a seamless blend of luxury and functionality—where every element has been considered, and the finishes speak to both style and longevity. From the kitchen to the bathrooms, every detail reflects a thoughtful, elevated approach to inner-city living.

We're proud to have delivered a high-end renovation that not only met the client's vision but elevated it. The final result is a beautiful, contemporary home designed for modern living, right in the heart of Darlinghurst.
